

ERRATA SHEET

On December 4, 2019, the Bureau of Land Management (BLM) noticed in the Federal Register (84 FR 66431) the availability of the Record of Decision for the Ten West Link 500 Kilovolt Transmission Line Project and Resource Management Plan Amendments (ROD). The BLM has identified the need for clarification related to the BLM's protest resolution process. These modifications do not change the alternatives or the analysis of effects on the human environment, therefore there is no need to supplement the National Environmental Policy Act (NEPA) analysis or issue a new ROD.

Attached is an errata sheet that corrects Section 4.2 of the ROD (page 7). The new text has been highlighted on the attached errata sheet. This text replaces Section 4.2 of the Record of Decision for the Ten West Link 500 Kilovolt Transmission Line Project and Resource Management Plan Amendments.

4.2 PROTEST RESOLUTION

Publication of the NOA for the Proposed RMP Amendments/Final EIS initiated the 30-day protest period for the RMP decisions. The protest period ended on October 15, 2019. The BLM received two protest letters during the 30-day protest period. Pursuant to the BLM's 2016 Delegation of Authority Manual (MS-1203 Delegation of Authority, Rel. 1-1779), the BLM Acting Assistant Director for Resources and Planning and staff at the BLM Headquarters reviewed all of the protest issues. In accordance with 43 CFR 1610.5-2, one protest was dismissed and the other was denied. The Acting Assistant Director for Resources and Planning concluded that the BLM Arizona and California State Directors followed the applicable laws, regulations, and policies and considered all relevant resource information and public input in developing the Proposed Plan Amendments. The BLM Acting Assistant Director also concluded that the Proposed Plan Amendments did not require changes. The decision of the BLM Acting Assistant Director for Resources and Planning is the final decision of the U.S. Department of the Interior (43 CFR 1610.5-2(b)). The BLM's Protest Resolution Report is available on the BLM's Protest Resolution website, at <https://www.blm.gov/programs/planning-and-nepa/public-participation/protest-resolution-reports>. Each protesting party was notified in writing of the Acting Assistant Director's findings and the disposition of their protests.
